

**SECTION 153 OF THE PLANNING ACT 2008
REGULATION 6 OF THE INFRASTRUCTURE PLANNING (CHANGES TO, AND REVOCATION OF, DEVELOPMENT
CONSENT ORDERS) REGULATIONS 2011 (AS AMENDED)**

**NOTICE OF APPLICATION TO MAKE A NON-MATERIAL CHANGE TO THE FOLLOWING DEVELOPMENT
CONSENT ORDER:
THE FERRYBRIDGE MULTIFUEL 2 POWER STATION ORDER 2015 (S.I. 2015 NO. 1832)**

1. Notice is hereby given that Ferrybridge MFE 2 Limited (the 'Applicant') of No.1 Forbury Place, 43 Forbury Road, Reading, United Kingdom, RG1 3JH is seeking a non-material change to the Ferrybridge Multifuel 2 Power Station Order 2015 (the 'Order') (S.I. 2015 No. 1832) by way of an application submitted to the Secretary of State ('SoS') for Business, Energy and Industrial Strategy.
2. The Order was made by the SoS pursuant to section 114 'Grant or refusal of development consent' of the Planning Act 2008 on 28 October 2015. The Order came into force on 19 November 2015.
3. The Order grants development consent, subject to certain provisions, for the 'Authorised Development' comprising a new onshore electricity generating station (the 'multifuel power station' or 'FM2') with a gross generating capacity of up to 90 megawatts fuelled by waste derived fuels, in addition to 'associated development' including an electricity grid connection, improvements to an access road and a foul water connection. The 'FM2 Site', where the multifuel power station is currently being constructed, comprises for the most part of land within the boundary of the Ferrybridge Power Station site at Stranglands Lane, Knottingley, West Yorkshire, WF11 8SQ.
4. The Order includes a commitment to provide an area of landscaping and biodiversity enhancement on land previously used for construction laydown immediately to the north of the multifuel power station (hereafter referred to as the 'Approved Area').

Summary of the proposed non-material change

5. Since the Order was made in 2015, a need has been identified to utilise the Approved Area for the development of an independently operated ash processing facility. The Approved Area would therefore no longer be able to be used to provide the proposed landscaping and biodiversity enhancement.
6. The Applicant is therefore proposing a non-material change to the Order in relation to the re-provision of the landscaping and biodiversity enhancement (the 'Change Application').
7. The Change Application proposes to replace the Approved Area with an alternate and improved area of landscaping and biodiversity enhancement on land to the west of the A1(M) (the 'Replacement Area'). The Replacement Area is located approximately 300 metres to the north-west of the Approved Area.

Copies of the application documents

8. Copies of the application documents, including plans showing the Replacement Area, are available for inspection free of charge at the locations and times set out below until **16 February 2018**:

Locations	Opening Times
Pontefract Library, Shoemarket, WF8 1BD	Monday & Wednesday: 09:30 – 19:00 Tuesday & Friday: 9:30 – 17:00 Saturday: 09:30 – 16:00 Thursday & Sunday: Closed
